No problem, we will not be posting the grant in the next few months. Next year is more realistic. Thanks

Thanks – do you know the timing of the next \$3B. It helps us in our planning to know if this is something we should expect in the next few months....or not until next year.

Good afternoon,

Rochelle asked that I send you a quick note to clarify the workforce funding:

- The first approx. \$4 billion – which includes programs such as AmeriCorps and the Crisis CoAg – ties to the webinar we held last week
- The next approx. \$3 billion is intended for jurisdictions, and we are planning listening sessions late summer

I hope this is helpful!

Thanks,
Sherri

Thank you Eduardo. Moving you to bcc to spare your inbox.

Chief Berger - adding [@Parks, Amanda](#) who can assist from our side in finding a time soon to discuss the below with CDC leadership.

From NC:

- Secretary Cohen
- Myself
- State Health Director, Betsey Tilson
- Chief Deputy Secretary over Policy for COVID-19, Susan Gale Perry.

We'd particularly like to understand:

1. The science that supports masking on public transit and transportation and how that would apply to large events, regardless of vax status.
2. Considering NC's vax rate of 51% and case rate of 70/100k, what, specifically, would the CDC advise NC do with regard to mask and social distancing requirements.
3. Understand what these recent changes will have in store for forthcoming guidance on schools, government retail spaces, etc.

Thank you,

Kody H. Kinsley

Ops Lead, COVID-19 Response
Chief Deputy Secretary for Health

Dr. Cohen and Kody

Following up on your request, and connecting you with Sherri Berger, Chief of Staff to Dr. Walensky on your request for a call with CDC leadership. I will let you all follow up and take it from here.

Eduardo
